PLAINTIFFS

v.

CIVIL ACTION NO. 3:04CV251LN

HALEY BARBOUR, as Governor of the State of Mississippi, *et al.*

DEFENDANTS

DECLARATION OF JOHN LANG

I, JOHN LANG, declare under penalties of perjury under the laws of the United States of America that the following is true and correct:

1. I am a member of Loeb & Loeb LLP ("Loeb") which, together with Bradley Arant Rose & White, LLP, Stephen Leech, Esq., and attorneys from Children's Rights, is counsel for the Plaintiff Class in this action. As the partner responsible for the supervision of my firm's work in connection with this matter, I am fully familiar with the facts set forth herein and respectfully submit this declaration in support of Plaintiffs' Unopposed Motion for Approval of Settlement Regarding Plaintiffs' Attorneys' Fees and Order of Notice to the Class.

2. I have been admitted *pro hac vice* to the Bar of this Court, and have also been admitted to the Bars of the State of New York, the Supreme Court of the United States, the United States Courts of Appeals for the Second and Fifth Circuits, and the United States District Courts for the Southern District of New York, Northern District of New York, Eastern District of New York, Western District of New York, Northern District of Texas, District of Connecticut, Eastern District of Kentucky, the United States Tax Court, and the United States Court of International Trade.

3. I am a 1967 graduate of the Fordham University School of Law. Prior to the commencement of private practice, and following my service in the United States Marine Corps, I served as Senior Trial Attorney for the Major Felony Unit and Deputy Chief of the Frauds Bureau of the New York County District Attorney's Office, as well as Senior Trial Counsel and Chief Assistant to the Special Prosecutor of the New York State Attorney General's Office. Since 1980, I have been continuously engaged in the private practice of law in the State of New York.

4. My law practice is devoted to civil and criminal litigation, with emphasis on complex commercial litigation, tax litigation, and white collar criminal defense. I am a member of the American Bar Association, the New York State Bar Association, and the Association of the Bar of the City of New York. I am a member of my firm's Pro Bono Committee and a founder of our Child Advocacy Program.

5. Over my past 35 years of practice, I have become familiar with the economics of law practice, billing rates, billing practices, the cost and recovery of litigation support services (including the services of expert witnesses and consultants), and the setting and collection of legal fees in a variety of circumstances, including cases presenting professional demands, factual and legal complexity, and risk and expense levels comparable to the instant case. I have derived this knowledge from personal experience negotiating fee agreements with sophisticated consumers of legal services, billing and collecting fees and expenses from clients and/or adverse parties in the legal marketplace, and regularly representing plaintiffs and defendants on an hourly rate basis.

6. I am familiar with Loeb's policies, practices, and procedures governing the recording and maintenance of time and expense records. I am also familiar with Loeb's standard hourly rates customarily charged for professional services delivered to clients

who retain Loeb for a particular case or matter and agree to be charged for (a) the services of attorneys, paralegals and law clerks, based upon standard hourly billing rates (*i.e.*, neither premium nor discounted billing rates) and without regard to the ultimate result obtained in the case; and (b) all expenses related to their case. Such billing practices are considered standard among law firms in my jurisdiction.

7. Attached hereto as Attachment A are the Loeb billing records concerning the investigation and prosecution of this action, summarized by timekeeper and work performed, as well as an itemized listing of case-related expenses advanced by Loeb. These timekeeper records, expense reports, and matter-related billing records were generated from a computer database created and maintained in the ordinary course of Loeb's business by persons with actual knowledge of the events recorded at or about the time of the events recorded. I believe these billing records to be an accurate and reliable account of the work performed and the expenses incurred by Loeb and its personnel in regard to this action. I have personally reviewed the entries in each compilation. Any entry that I would have reduced or written off in the exercise of billing judgment has been addressed by the across-the-board reduction in rates and fees that Loeb has agreed to in settlement.

8. The work required by Plaintiffs' counsel to investigate and prosecute this matter over the past three years is detailed in the accompanying Declarations of Marcia Robinson Lowry, Wayne Drinkwater, and Stephen Leech, and, in part, in the Loeb timekeeper records submitted as Attachment A hereto. This undertaking was comparable in scope, time demand, expense, and professional challenge to a complex commercial litigation or other class action. Pre-suit investigation and planning began over a year before the initial complaint was filed. The work entailed intense factual investigation, the

selection of appropriate class representatives and Next Friends, and the vetting of available legal theories that might be asserted to advance the class' interests in achieving systemic reform. The pre-filing work required careful analysis of the feasibility of achieving class certification. A detailed complaint and an amended complaint were drafted, researched, and vetted. The litigation of the case included the defense of two extensively briefed motions to dismiss, a motion for class certification, cross-motions for summary judgment, and numerous discovery motions.

9. In regard to the factual issues and evidence, preparation of the case required extensive, fact-intensive discovery, including the preparation of interrogatories and requests for production, review and analysis of hundreds of thousands of documents, and the deposition of 27 fact witnesses. Plaintiffs worked extensively with five experts to document ongoing agency failures and harms to the Named Plaintiffs and the Plaintiff Class. Plaintiffs defended the depositions of Plaintiffs' five experts, as well as the depositions of six Next Friends. Plaintiffs also participated in numerous court conferences that were held to address contested scheduling and pre-trial matters.

10. The parties' Settlement Regarding Plaintiffs' Attorneys' Fees represents a significant compromise of the reasonable fees and expenses which would have been otherwise recoverable in this action. Loeb's fees alone, calculated at the firm's standard and customary rates, amounted to \$1,301,764.00. at the firm's customary rates. *See* Attachment A. For the purposes of this fee settlement, Loeb has agreed to recover for attorneys' fees charges at the flat rate of \$175 per hour, well below the firm's regular attorney billing rates of \$215 to \$725 per hour. *See* Attachment A. In addition, Plaintiffs have agreed to an across-the-board 15% reduction in the hours for which they seek compensation. As a result, Loeb would receive a vastly discounted reimbursement

amount of \$613,192.13 in fees should the Settlement Regarding Plaintiffs' Attorneys' Fees be approved.

11. In regard to additional actual costs expended, Plaintiffs incurred a total of \$622,936.67 in out-of-pocket costs and expenses, including \$244,214.94 in non-reimbursable expert costs, in connection with the prosecution of this suit. Of this amount, \$41,618.47 represents costs expended by Loeb. *See* Attachment A. These expenses were reasonable and necessary to protect the interests of the class. Under the parties' settlement, Loeb will receive reimbursement for \$35,375.70 in expenses, which represents a 15% reduction of the costs actually expended.

12. Given the risks apparent at the outset of this case and the costs required to prosecute these claims, it is my opinion and belief that counsel with the experience and qualifications to perform the work and to make the investment required in this case would have found this endeavor extremely unattractive from a cost and risk perspective, considering the out-of-pocket expenses advanced by Plaintiffs and the fact that class counsel's compensation was entirely contingent upon prevailing in this action.

I declare under penalties of perjury that the foregoing is true and correct.
